FISCAL ANALYSIS

ASSUMPTION

Officials from the **Attorney's General's Office** assume costs could be absorbed with existing resources.

Officials from the **Greene County Assessor's Office** state the property is an abandoned alley which has no value by itself.

Officials from **Southwest Missouri State University** assume they would sell the property. The value of the property is approximately \$7,362.50 per tract. Therefore, the value of the two tracts would approximate \$14,725. Because this revenue would not go to state funds, **Oversight** has not shown a fiscal impact to the state.
